<b>Lester Avenue</b>			
 <p>Lester Ave and Main St</p>	Harry L. Johnson Memorial - 1922 – The semi-circular monument is white marble with a seated bronze figure of Harry L. Johnson. Two bronze plaques, depicting Johnson at work and home, are attached to the back wall.	Park	

Address	Description	Current use	Notes
 59 Lester Ave	Endicott-Johnson Victory Factory, 1921 –Five-story, rectangular, poured-in-place, reinforced concrete industrial building with mushroom support columns. Large, multi-paned metal sash windows filled the interior with natural light. They have been covered on the south, east and west sides of the building, but remain intact on the north side. One of the largest of the Endicott-Johnson factories, it was built in two sections. The first unit was started Oct. 8, 1919 and was 60 feet wide and 352 feet long. Before the building was completed the decision was made to build a second unit exactly the same as the first. The second unit was started on January 5, 1920. A central bay connects the two units, each of which is comprised of two sections with a central stair tower. Stair towers at either end of the building bring the number of projecting towers to five. Each extends 10 feet above the main mass of the building, making them 6 stories in height. There are entrances in each tower.	Industrial  Business: Warehouse	Contributing building in proposed National Register Historic District.
 98 Lester Ave	Charles F. Johnson Park – within the park the carousel is listed in the National Register of Historic Places.	Park	Contributing building in proposed National Register Historic District.
